7 is notified that such property may present exposure to lead from lead-based paint that may place young children at  
8 risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological  
9 damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired  
10 memory. Lead poisoning also poses a particular risk to pregnant women. The Seller of any interest in residential  
11 real property is required to provide the Buyer with any information on lead-based paint hazards from risk  
12 assessments or inspections in the Seller's possession and notify the Buyer of any known lead-based paint hazards.  
13 A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.
