

Approval is hereby granted for lot **1** defined as **Rose Haney Division, Putnam County, Tennessee** as being suitable for subsurface sewage disposal (SSD) with the listed or attached restrictions.

Prior to any construction of a structure, mobile or permanent, the plans for the exact house/structure location must be approved and an SSD system permit issued by the Division of Water Resources. Water taps; water lines, underground utilities and driveways should be located at side property lines unless otherwise noted.

Environmental Scientist

Date

Approval is based on soil conditions suitable for installation of Subsurface Sewage Disposal Systems and does not constitute approval of building sites.

Lot **1** is approved for installation and duplication of conventional subsurface sewage disposal systems to serve a maximum house size of **3 (three)** bedrooms.

The size, number of square feet, design, and location of the proposed dwelling may further affect the number of bedrooms for which a permit may be issued.

Lot **1** will require pump system to transfer septic tank effluent to areas of the lot with suitable soil conditions for disposal.

Lot **1** will require the installation of an interceptor drain prior to the installation of the subsurface sewage disposal system. There is to be no construction of any type in the interceptor drain easement area.

All underground utilities and driveways must enter along the property lines.

Any well must be a minimum of 50 feet from the subsurface sewage disposal (SSD) system and reserve area. Any well must be a minimum of 40 feet from any property line. Prior to any well being dug, a permit shall be issued specifying location of SSD system and reserve area. Any well dug prior to issuance of SSD system permit may void approval of further restrict the maximum number of bedrooms for which a permit may be issued.

Shading on this lot represents an area reserved to be used for the installation of the primary and duplicate subsurface sewage disposal systems, and shall be used for no other purpose such as house location, other structure location, buried utilities, driveways, swimming pools, etc. or use which would conflict with the REGULATIONS TO GOVERN SUBSURFACE SEWAGE DISPOSAL in Tennessee. Modification of the shaded area may be considered, provided sufficient shaded area is maintained.
